

Edlund / New Five Star Series NSF Heavy Duty Portion Scales

Designed and tested with the help of major restaurant chains, these scales feature reinforced internal housing supports and specially developed stainless steel platforms that absorb the shock of accidental overloads without damaging the precise stainless steel mechanism. Once again Edlund offers the best weigh to consistent portion control.

- All stainless steel construction
- Specially designed stainless steel platform
- Removable dial face for easier cleaning
- Three models to choose from:
 - Rotating over/under, rotating and fixed
- Scale housing and mechanism can be submerged for thorough cleaning
- Larger 7" x 8³/₄" platform for greater flexibility
- NSF Certified

Three new scales from Edlund that take the shock out of controlling food costs.

Extra stainless steel internal housing and platform supports absorb accidental shock without damaging the precise internal mechanisms.

Model DCS-2 features a standard rotating dial. All models can be field recalibrated using Edlunds' CK-32 calibration kit.

FEATURES:

- All stainless steel construction, including springs and mechanism, provide rustproof operation, longer life, greater accuracy and easier clean-up
- After removing faceplate and bottom panel, the entire unit is completely submersible in water for easy, thorough cleaning
- Adjustable air dashpot on all models acts as a shock absorber to prevent scale pointer from vibrating after product is put on scale
- Molded window prevents spills from running down into dial
- All models are field re-calibratable
- 30 degree viewing angle for easier cleaning
- Rustproof
- NSF Certified
- Made in U.S.A.

SPECIFICATIONS:

DIAL	MODEL #	PRODUCT CODE	MEASURING UNIT	ACCURACY	OVERALL SIZE	PLATFORM SIZE	MASTER CASE	CUBIC FEET/METERS	WEIGHT
